**RE: Commission Paper CN/2020 03 September 2020, Draft Decision on Summer 2021 Coordination Parameters at Dublin Airport**

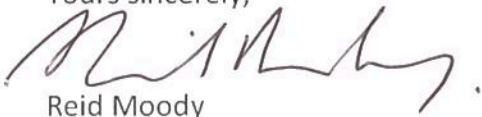

Dear Catherine,

I refer to the above consultation.

At the Emergency General Meeting of the Dublin Airport Coordination Committee on 02 July 2020, it was noted that due to the continued uncertainty surrounding the aviation market and speed of recovery aligned with no significant capacity infrastructure being delivered for Summer 2021, the committee decided by overwhelming majority that it would be appropriate to keep capacity levels unchanged for the Summer 2021 season.

Aer Lingus welcomes CAR's draft decision to support the view of the Coordination Committee and roll forward the Summer 2020 limits to Summer 2021. Aer Lingus remains of the view that this is sensible approach at this challenging time for all players in the industry.

Yours sincerely,

  
Reid Moody

Chief Strategy and Planning Officer
